

HEALTHY FOR LIFE

UVC LIGHTFORCE 62" MODEL-A

Mobile Ultraviolet Sanitizing

The UVC Lightforce is a mobile, self-contained germicidal cleaning device that utilizes proven ultraviolet emitting radiation technology to help reduce and eliminate bacteria, viruses and other pathogens on environmental surfaces. The UVC Lightforce is the most economical and affordable industrial full-sized unit on the market. Sanitize your entire facility efficiently and effectively.

- Eight (8), 110 watt high-output lamps positioned octagonally
- Built-in timer with remote control allows for safe operation of the unit
- Activate the unit from outside of the area to be sanitized
- Effective in eliminating 99.9% of surface contamination and pathogens

UVC Lightforce delivers a powerful UV dosage that is 99.9% effective in killing/inactivating pathogens. This economical and low maintenance solution is easy to transport and has an ultra-quiet cycle of operation.

APPLICATIONS

Healthcare
Bio-Pharma
Classrooms
Sports
Fitness
Industrial
Doctor & Dental Offices

Patient Rooms
Bathrooms & Restrooms
Operating Rooms
Intensive Care Units
Oncology Units
Emergency Rooms
Universities & Schools

SPECIFICATIONS

UVC LIGHTFORCE 62" MODEL-A

FEATURE	SPECIFICATIONS
Model	Model-A UVC Lightforce Ultraviolet Sanitizer
Part Number	PPE595401
Power Type	9A @ 120 volts
Lamps	Eight (8) quartz encased 110 watt high-output germicidal lamps
Radiation Output	360 degree UV-C
Weight	80 lbs
Dimensions	62" height x 24" base diameter
Accessories Included	Soft storage cover & operating manual
Safety & PPE Gear	Warning sign kit, goggles, smock, head cover & face shield
Operator Controls	Remote control & timer
Warranty	1 year parts & labor

UV Dose based on distance and time (mJ / cm²)*
